

MD KAMRUZZAMAN

Frontend Developer | React & JavaScript | Machine Learning

Dhaka, Bangladesh | +880 1408004446 | sohel.eightb@gmail.com

linkedin.com/in/kamruzzaman-sohel | github.com/Kamruzzaman2200 | kamruzzaman2200.github.io/My-Portfolio

CAREER OBJECTIVE

To begin my career as an entry-level Frontend Developer, Software Engineer, or Junior Machine Learning Engineer in a growth-focused technology company in Dhaka, where I can apply my skills in React, JavaScript, and machine learning to build reliable, user-friendly products. Backed by a B.Sc. in Computer Science and Engineering from BUBT (CGPA 3.38), several deployed web applications, HackerRank-verified React and JavaScript skills, and certifications from Meta, IBM, and DeepLearning.AI, I aim to contribute from day one while continuing to grow into a versatile full-stack and AI engineer.

TECHNICAL SKILLS

Languages: JavaScript, Java, Python, C++, C#, HTML5, CSS3, SQL

Frontend: React, Tailwind CSS, Bootstrap, Vite, Responsive Web Design, REST API Integration, Cross-Browser Debugging

Backend and Database: Node.js, Express.js, MongoDB, REST API Development, JWT Authentication, Firebase (Cloud Firestore, Authentication), MySQL, .NET (C#)

Machine Learning: Supervised Learning, Regression, Classification, Neural Networks, Decision Trees, NumPy, scikit-learn, TensorFlow

Tools and Platforms: Git, GitHub, VS Code, Vercel, Netlify, Figma, Postman

Soft Skills: Leadership, Team Collaboration, Client Communication, Problem Solving

PROJECTS

Moho | Full-Stack Restaurant Ordering Platform (MERN)

Live: gadgetshop-client.vercel.app | Tech: React, Node.js, Express.js, MongoDB, JWT, Payment Gateway

- Built a full-stack restaurant website with React on the front end and a Node.js and Express REST API backed by MongoDB.
- Implemented user registration and login, add-to-cart, and an end-to-end checkout and order flow with online payment gateway integration.
- Developed an admin dashboard with full CRUD on menu items and order management, secured with role-based access control.
- Deployed the client to Vercel with continuous deployment from GitHub.

Book Vibe | React Book Discovery Web Application

Live: book-vibeee.netlify.app | Tech: React, JavaScript, Tailwind CSS, React Router

- Built a single-page book discovery and reading-list application in React with client-side routing across multiple views.
- Implemented read-list and wishlist tracking with persistent state, plus sorting and category filtering of book listings.
- Deployed a production build to Netlify with continuous deployment from GitHub.

Estate Echoes | Real Estate Listing Web Application

Tech: React, JavaScript, React Router, CSS3

- Built a property listing and detail-view application using reusable React components and dynamic routing.
- Rendered listing data from a structured JSON data source and implemented category-based filtering.

Retro Forum | Community Discussion Board

Tech: JavaScript, HTML5, CSS3, REST API

- Created a discussion-board interface with dynamic post rendering and read-post tracking, consuming data from a REST API.
- Implemented category filtering and live post-count updates using vanilla JavaScript DOM manipulation.

Personal Portfolio Website

Live: kamruzzaman2200.github.io/My-Portfolio | Tech: HTML5, CSS3, JavaScript

- Designed and deployed a responsive personal portfolio with tabbed navigation and a filterable project gallery.

EDUCATION

B.Sc. (Engg.) in Computer Science and Engineering

Bangladesh University of Business and Technology (BUBT), Dhaka | June 2022 - June 2026

CGPA: 3.38 out of 4.00

Higher Secondary Certificate (HSC), Science

Bhola Government College, Bhola | 2020

Secondary School Certificate (SSC), Science

Bhola Government High School, Bhola | 2018

EXPERIENCE

Freelance Web Developer | Self-Employed, Dhaka | 2023 - Present

- Build and deliver responsive websites and web applications for clients using React, JavaScript, HTML5, and CSS3.
- Translate client requirements and design mockups into functional, cross-browser-compatible user interfaces.
- Manage the full delivery cycle from requirement gathering through deployment and post-launch maintenance.

Founder and Owner | Sigma House (Online Retail) | 2020 - Present

- Founded and operate an online retail business, managing product catalogue, inventory, and order fulfilment.
- Handle customer service and order tracking, maintaining consistent customer satisfaction and repeat purchases.
- Plan and execute digital marketing campaigns that grew sales and expanded the customer base.

CERTIFICATIONS

- **Advanced Learning Algorithms** - DeepLearning.AI and Stanford Online, via Coursera (Oct 2025)
- **Supervised Machine Learning: Regression and Classification** - DeepLearning.AI and Stanford Online, via Coursera (Oct 2025) | Verify: coursera.org/verify/MC03UH6QZ0U6
- **Introduction to Web Development with HTML, CSS, JavaScript** - IBM, via Coursera (Dec 2024) | Verify: coursera.org/verify/B1KO6FZVH8EA
- **Frontend Developer (React)** - HackerRank Role Certification (Dec 2024) | ID: 34E1C6A7ED41
- **JavaScript (Intermediate)** - HackerRank Skill Certification (Dec 2024) | ID: 09967E1AFB7B
- **Introduction to Front-End Development** - Meta, via Coursera (Dec 2024) | Verify: coursera.org/verify/44W9X5S5CYLX
- **C# for .NET Developers** - Board Infinity, via Coursera (Dec 2024) | Verify: coursera.org/verify/47G1YV6JJL4F
- **Complete Web Development Course (JavaScript, HTML, CSS, React)** - Programming Hero, Batch 9
- **Effective Leadership** - HP LIFE, HP Foundation (Aug 2023)

ACHIEVEMENTS AND ACTIVITIES

- Participant, BUBT Artificial Intelligence Conquest 2025 (BAIC 2025), Senior Level - national-level AI competition organized by AI Community BUBT (Nov 2025).
- Open-source contributor, Hacktoberfest 2023 and Hacktoberfest 2025; maintain a community Hacktoberfest repository on GitHub.

LANGUAGES

Bangla - Native or bilingual proficiency | English - Professional working proficiency
